WARRANTIES

PRODUCT SPECIFICATIONS

- 25 gauge exterior steel plus insulation provides quiet operation plus added security and dent resistance.
- Patented finger protection joint design pushes even small fingers out of harm's way.
- Exclusive Weatherstop™ joint seal and a vinyl bottom weatherseal in a rust-proof aluminum retainer provides more protection from the elements, sealing garage door from air infiltration and rain.
- Hot-dipped galvanized steel skin with a baked-on primer and top coat helps assure maintenance-free durability and long-lasting beauty.
- Nylon rollers help assure quiet, long-lasting performance.
- Patented Safe-T-Bracket® designed for added safety; under normal circumstances it cannot be removed while the door is under tension.
- Safe-T-System® provides peace of mind and enhanced protection when installing and operating the garage door.
- 12" radius track for normal installations. 15" radius track available.
- EZ-SET® torsion springs standard on all sizes. Doors professionally installed include standard torsion springs.
- Corrosion-resistant, durable galvanized springs with clean appearance.
- Inside slide lock is standard, outside keyed lock available (at additional charge).
- Operator reinforcement bracket is standard.

STYLE & FINISH

- Woodgrain texture raised panel design may be painted with a high quality exterior latex paint to complement any home's exterior.
- White finish painted steel end stiles give hinges and rollers extra support while providing a clean interior finish.

SIZES

- Model C125 available in 2' increments from 6' to 18' wide.
- Model C225 available in 2' increments from 8' to 18' wide.
- Available in 6', 6'3", 6'6", 6'9", 7', 7'6", 7'9" and 8' high doors.
- Doors also available up to 12' high. Refer to the Commercial Sectional Steel Roll-Up tab.

SPECIAL NOTES

- For doors sold through Home Depot's Expert Installation Program, the springing systems and locking systems may vary by market.
- Doors ordered in white unless a color is specified.
